Why Wolff Contracting

Wolff Contracting, Inc. is a local General Building Contracting company that not only is skilled in all phases of custom residential and commercial remodels, we also provide site earth work and engineering, complete new ground up construction, structure and concrete demolition as well as a fully staffed paint division. This is all accomplished through quality project oversight and a highly skilled professional staff, dedicated to delivering the best possible finished project to our customers. Over the past eight years, Wolff Contracting has become a well known and trusted company in Sonoma County. Wolff Contracting is noted for clearing the last three Coffey Park homes and the last under the FEMA project

Experience and Expertise

At Wolff Contracting we pride ourselves on our reputation of staying on budget and time while delivering high quality work. We are also known for our community involvement and participation in projects to benefit our neighbors here in Sonoma County. In the aftermath of the 2017 Wildfires, we arose as one of the most successful groups doing both government program and private cleanups. We have the distinction of clearing the last three sites in the Coffey Park Neighborhood.

The owner, Michael Wolff, has grown up in Sonoma County, is an Eagle Scout and combat veteran of the United States Marine Corps, having served for fourteen years. We are a Disabled Veteran Business Enterprise but beyond that, we are dedicated professionals striving for excellence in all we do.
